The Contractor shall implement and maintain procedures reasonably designed to verify the Indiana residency of each individual recipient prior to the provision of services. Acceptable documentation or methods of verification shall be determined in accordance with applicable state or program-specific guidelines. Failure to comply with this residency requirement may result in disallowance of expenditures, corrective action, or termination of this Contract.

12. DISPUTE RESOLUTION

- 12.1. Should any disputes arise regarding this Contract, the Grantee and the LCHD agree to act immediately to resolve them. Time is of the essence in dispute resolution.
- 12.2. The Grantee agrees that the existence of a dispute notwithstanding, it will continue without delay to carry out all of its responsibilities under this Contract that are not affected by the dispute. Should the Grantee fail to continue to perform its responsibilities regarding all non-disputed work, without delay, any additional costs incurred by the LCHD or the Grantee as a result of such failure to proceed shall be borne by the Grantee, and the Grantee shall make no claim against the LCHD for such costs.

The Commissioner shall promptly issue a Notice setting out documents and materials to be submitted to the Commissioner to resolve the dispute; the Notice may also allow the parties to make presentations and enter into further

negotiations. Within thirty (30) business days of the conclusion of the final presentations, the Commissioner shall issue a written decision and furnish it to both parties. The Commissioner's decision shall be the final and conclusive administrative decision unless either party serves on the Commissioner and the other party, within ten (10) business days after receipt of the Commissioner's decision, a written request for reconsideration

and modification of the written decision. If the Commissioner does not modify the written decision within thirty (30) business days, either party may take such other action helpful to resolving the dispute, including submitting the dispute to an Indiana court of competent jurisdiction. If the parties accept the Commissioner's decision, it may be memorialized as a written Amendment to this Contract if appropriate.

- 12.4. LCHD may withhold payments on disputed items pending resolution of the dispute. The unintentional nonpayment by the LCHD to the Grantee of one or more invoices not in dispute in accordance with the terms of this Contract will not be cause for the Grantee to terminate this Contract, and the Grantee may bring suit to collect these amounts without following the disputes procedure contained herein.
- 12.5. With the written approval of the Commissioner of the Indiana Department of Administration, the parties may agree to forego the process described in subdivision C. relating to the submission of the dispute to the Commissioner.
