

8. The revised proposed ballot question is as follows:

"Shall the Tri-Creek School Corporation increase property taxes paid to the school corporation by homeowners and businesses for eight (8) years immediately following the holding of the referendum for the purpose of funding The Tri-Creek School Corporation Teaching and Safety Program that will invest in teachers, aides, staff, and safety personnel? If this public question is approved by the voters, the average property tax paid to the school corporation per year on a residence would increase by 25.5%, and the average property tax paid to the school corporation per year on a business property would increase by 24.5%. The Tri-Creek School Corporation has not previously held a property tax referendum."
